CAREER ASPIRATION

I am ready to work under minimum supervision and in a challenging environment to utilize the skills and knowledge acquired in my studies fully. Ready to teamwork and assist in achieving the organization's goals. My academic experiences have served me well in developing my collaboration, critical thinking, and innovation skills. I work well at using clear and concise communication to interact professionally with co-workers, supervisors, and customers. In an increasingly data-driven world, being able to translate information into meaningful insights that companies and organizations can use is a valuable skill to have

PERSONAL PROFILE

I am a logical, hardworking, committed Statistician with a passion for data and information. I possess strong written and verbal communication skills and have more than two years of experience in data analysis, interpretation, and presentation. I am highly organized with a keen eye for detail, and I always ensure that the work is completed on time and to a high standard.
